

# EMF ELIMINATOR

- *Reduce Electromagnetic Fields*
- *Filter Dirty Electricity*
- *Protect & Prolong Equipment*
- *Reduce Electric Consumption*
- *Increase Efficiency*

One unit conditions an entire circuit  
Two units condition an entire house

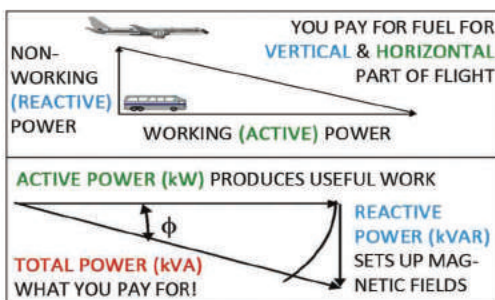

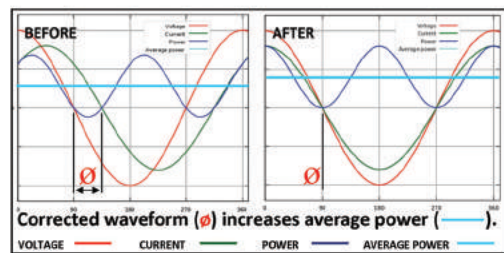

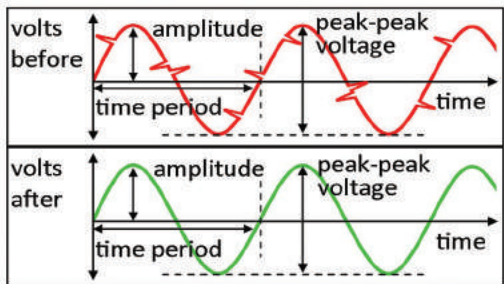

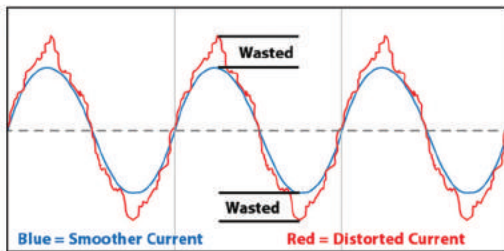

[120V & 240V Units Available](#)

# EMF ELIMINATOR

## Clean Your Power and Save Money!

PERFECT FOR KITCHEN APPLIANCES, OFFICE EQUIPMENT & ENTERTAINMENT CENTERS

### • Electromagnetic Field Reduction:

- Bring EMF levels down
- Creating a safer, healthier environment

### • Harmonics Filtration:

- Provides cleaner power

### • Voltage Regulation:

- All outlets on the circuit are surge protected

### • Dirty Electricity Elimination:

- Nano-surges degrade TV & computer screen quality
- Now see picture-perfect
- Nano-surges also degrade audio quality
- Now hear pitch-perfect

### • Phase Correction:

- Increased efficiency
- Increased performance

### • Reduced Electrical Consumption:

- Cooler equipment
- Longer lifetime
- A lower utility bill

EMF ELIMINATOR

NEMA 5-15  
120V

NEMA 6-20  
250V

Units available  
in 120V & 240V  
configurations

Made in the U.S.A.
