POWER PERFECT BOX

Clean Your Power and Protect Your LED Lighting

Satic's wire-in product line installs easily at the breaker panel or at point of use to filter dirty electricity providing line conditioning, surge protection, phase correction and harmonics reduction for LED lighting and total system protection.

Safeguard your LED lighting • reduce LED operating temperature • extend the life of your LED lighting • eliminate voltage distortions! The Power Perfect Box will do all this and save money on your electric bill!

PROFESSIONALLY INSTALLED TO PROTECT YOUR LED LIGHTING RIGHT AT YOUR BREAKER PANEL

• Reduced Electrical Consumption:

- Cooler equipment
- Longer lifetime
- A lower utility bill

• Electromagnetic Field Reduction:

- Creating a safer, healthier environment

• Voltage Regulation:

- Surge protection for your whole system

• Dirty Electricity Elimination:

- Nano-surges can damage LED lights, sensitive electronics and computers

• Phase Correction:

- Increased efficiency
- Increased performance

• Harmonics Filtration:

- Provides cleaner Power
